<p>The Regional Engagement Division (RED) Personal Service funding was reduced by \$300,000 in the FY2023 budget. This reduction means the Division has 4.0 to 5.0 unfunded FTE, which severely impacts our ability to provide services to the business and community partners. RED staff live and work in six regions across the state and foster regional economic growth by providing technical assistance and coordinating the delivery of tailored solutions for business retention and expansion projects, as well as community development projects. They are members of the communities they serve and work closely with community and regional partners. This restoration would support our International, Kansas City, North, Southwest and Central teams.</p>

**Missouri Partnership Business Recruitment & Marketing – Section 7.005**

Page Book 1, Page 32

**Description:** In 2007, the Missouri Partnership was formed with the intention of bringing new business and industry into the state. As a nonprofit economic development organization, the Partnership works together with other economic development organizations at the state, regional, and local levels to attract new companies and help advance Missouri's standing as an industrial leader. The Department contracts with the Hawthorn Foundation, organized as a 501 (c) (6) nonprofit business organization, to provide new business recruitment leads.

The Missouri Partnership subcontracts with the Hawthorn Foundation to conduct the work. The Partnership's main source of funding is the Economic Development Advancement Fund, which receives collections from a 2.5% surcharge on the issuance of DED tax credits.

This new decision item is being requested to continue \$500,000 in funding for the Business Recruitment and Marketing program, which markets Missouri nationally and internationally in an effort to attract new business and job creation to the state. In FY2023, this appropriation was increased with one-time funding of \$1,000,000. The Department of Economic Development (DED) is requesting this \$500,000 increase which will be used to add capacity to help rural communities in recruiting new businesses to the state. The increase will have no impact to general revenue, as it will draw from the Economic Development Advancement Fund, which consists of fees collected by the Department upon the issuance of tax credits. Currently, the Department contracts for business recruitment and marketing services with the Hawthorn Foundation, who subcontracts with the Missouri Partnership, a public-private economic development partnership founded in 2007.

**Delta Regional Authority Dues – Section 7.010**

Book 1, Page 58

For the payment of annual dues the State of Missouri pays to the Delta Regional Authority (DRA). The DRA was established in 2000 by Congress with the purpose of making strategic investments of federal appropriations into the physical and human infrastructure of Delta communities. Through the States' Economic Development Assistance Program, these investments help to improve transportation and basic public infrastructure and to strengthen our workforce development system and local business environments.

During the 2022 Legislative Session, the General Assembly passed Senate Bill 672 and House Bill 2400, were signed into law and became effective on August 28, 2022. Senate Bill 672 created the Target Industrial Manufacturing Enhancement Zones Act (TIME). House Bill 2400 re-established the Qualified Research and Development Tax Credit and created the Citizen's Land Development program. These programs will be administered by the Department of Economic Development (DED); therefore, this funding is critical to provide additional staffing for the efficient administration of the programs.

This will fund 4.0 FTE for Project Tomorrow, a shared NDI between DED's Business and Community Solutions (BCS) and OA's Information Technology Services (ITSD) Divisions. Currently, BCS administers grant and tax credit programs requiring collaboration with stakeholders, partners, and administrators. The project provides an integrated solution for 34 systems and database tools that duplicates data and cannot transfer information resulting in insufficient reporting, increased processing time, data integrity risks, and reduced transparency. The solution provides upgrades to outdated ITSD systems that are easier to learn for new staff, enhances data sharing with fewer data entry points, and improves workflow, efficiency and transparency. This improves customer service, provides self-service outside of regular business hours, and ensures compliance with state and federal mandates with a return on investment to taxpayers.

**Economic Development Advancement Fund Refunds – Section 7.015**

Book 1, Page 101

**Description:** The Economic Development Advancement Fund (EDAF) was created per 620.1900, RSMo, in order to receive fees from the recipients of certain tax credits issued by the department, in an amount up to 2.5% of the amount of the issued tax credit. Upon issuance of the tax credits, the fees are paid by the recipient. This core item provides the Department of Economic Development the ability to refund an overpayment or erroneous payment of any amount credited to the EDAF.

In 2018, SB 590 authorized a 4% fee of the amount of tax credits issued under the Historic Preservation Tax Credit program. The fee will first be applied in FY 2020 projects.

This funding is needed to increase the appropriation authority for the Tourism Infrastructure Program. §99.585, RSMo, is the statute for the Tourism Infrastructure program created in 2019 with the passage of House Bill 677. This increase will bring the appropriation to \$2,500,000, which is the annual cap for the program. Project awards are based on a portion of tax revenues derived directly or indirectly from such projects. Program agreements commit DED to requesting appropriation authority for approved projects up to 20 years. DED has approved one application and made one payment in FY2023.

**Small Business Credit Initiative - Section 7.040**

Book 1, Page 148

**Description:** The State Small Business Credit Initiative (SSBCI) Act of 2010 appropriated funds to be disbursed by the U.S. Department of Treasury to states that have created programs to increase the amount of private capital made available to small businesses and to cover reasonable administrative expenses. The State of Missouri was approved to receive an allocation of \$26.9 million through the Department of Economic Development, which will implement the program to assist Missouri small businesses in accessing credit and venture capital to create jobs for Missourians. Missouri's approved plan dedicates \$20.9 million to establish the high-tech Missouri Innovation, Development and Entrepreneurial Advancement (IDEA) seed and venture capital funds and \$6 million to the Grow Missouri Loan Participation Fund. The federal State Small Business Credit Initiative Act of 2010 ended in FY 2018. Funding was removed in FY 2021.

Book1, Page 208

Tax increment financing captures state economic activity, taxes generated as a result of planned redevelopment activities within a prescribed area and approved by the director or the Department of Economic Development and the Commissioner of the office of Administration. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties. The amount of the subsidy may be up to 50% of state withholding taxes or 50% of state general sales taxes. **Current TIF Obligations Include:**

Kansas City Midtown: infrastructure improvements and retail development at Mill Street;

St. Louis Convention Hotel: construction of a 1,083 room convention headquarters hotel complex;

Riverside L-385 Levee: infrastructure and levee improvements at 1600 acre site, city of Riverside;

Springfield Jordan Valley Park: redevelopment of exposition center in downtown Springfield;

Kansas City Pershing Road: renovation of old post office building and other developments on south side of Pershing Road;

Branson Landing: redevelopment of 208 acre riverfront area in downtown Branson;

Kansas City 1200 Main: new development for H&R Block Corporation headquarters;

Independence (Santa Fe): infrastructure redevelopment to support commercial development and housing;

**Independence Crackerneck Creek (Bass Pro Shops) Development:** construction of Bass Pro Outdoor World Store, lodging and complementary retail and dining establishment in a 400 acre undeveloped parcel south of I-70 and west of I-435

Kansas City East Village. J.E. Dunn Headquarters, infrastructure improvement and mixed use development in east end of downtown Kansas City

St. Louis Lambert Airport Eastern Perimeter Redevelopment: redevelopment of 500 acres of land just east of Lambert Airport for light industrial, warehouse, office and some residential;

Bannister Retail/Three Trails Office: Development of retail, dining and hospitality on the site of the old Bannister Mall to compliment an adjoining technology/business park;

St. Louis Innovation District: redevelopment of a blighted and aging industrial zone into a live-work-play technology district

National Geospatial Agency West: redevelopment of land for use by a government agency

**MODESA– Section 7.070**

Book 1, Page 225

**Description:** This section provides funding mechanisms for the state tax diversions to the infrastructure project sponsor and for the reimbursements of administrative costs from the project proceeds for the Missouri Downtown Economic Stimulus Program (MODESA). Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. The net new taxes captured are used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties. MODESA is aimed at development in central business districts.

**Current Obligations Include:**

**Kansas City Live:** restore/rebuild an eight city block, approximately 425,000 sq.ft in the south central part of downtown KC, to consist of specialty retail establishments and loft housing;

**Ballpark Village:** redevelop an area adjacent to Busch Stadium in St. Louis into restaurant, retail, entertainment, and office space.

**Legal Base:** Sections 99.915 RSMo

**Funding Source:** Other – State Supplemental Downtown Development Fund (Requires GR transfer)

Book 1, Page 241

**Description:** This program allows a portion of the new state and local taxes created by a redevelopment project to be diverted to fund eligible public infrastructure projects, along with related costs for a period of 25 years. The purpose of the program is to facilitate the redevelopment of downtown areas and the creation of jobs by providing essential public infrastructure. An appropriation is needed to be able to capture the net new taxes generated because of the redevelopment project and be diverted to pay the debt service on bonds issued to fund the project.

**Current Obligations**

Book 1, Page 249

**Description:** The Community Service Commission (MCSC) was established to promote volunteerism in the state, with a special focus on youth. The program provides opportunities for individuals to serve their communities as full-time or less than full-time AmeriCorps volunteers. AmeriCorps is a national service network and is supported by the Corporation for National and Community Service (CNCS), a federal agency. MCSC receives funding from CNCS to administer the AmeriCorps program in Missouri. The program provides communities and neighborhoods with the human resources necessary to address their most pressing civic needs and gives individuals a way to serve their country by completing community service projects.

This funding is needed in order to increase the Personal Service General Revenue (GR) appropriation for the Missouri One Start Division (MOS). In FY2023, the funding for MOS was switched from a GR Transfer to the Missouri Job Development Fund (0600) to a straight GR appropriation, which resulted in MOS having less Personal Service spending authority than in previous years. When it was a GR Transfer, the 3% reserve was on the Transfer itself and not the spending authority on Fund 0600. Now that the appropriation is GR, this had resulted in \$21,205, not being available to spend on Personal Service, which had been available to spend in previous Fiscal Years. No additional FTE are being requested.

**Missouri One Start Community College Training Fund - Section 7.095**

N/A

**Description:** This funding is needed in order to establish the Missouri One Start Community College Training Fund created under §620.809, RSMo. HB 2400 which passed during the 2022 session combines the funds from the Missouri One State Community College New Jobs and Community College Retained Jobs Funds and transfers them into the new fund, which allows for greater flexibility when allocating funds to the training projects. The Missouri One Start Community College Training Fund will generate funds in the same manner, by diverting a portion of the employee state withholding tax (approximately 2%) into a designated training account to reimburse eligible training costs that are normally associated with large attraction or expansion projects.

Book 2, Page 314

**Description:** The Missouri One Start Job Retention Training Program offers an incentive for the retention of existing jobs by providing education and training to existing industries. The program targets companies with plans to move outside the state to find skilled labor by providing assistance for workers to increase their skill level. The training is financed through the sale of bonds based on the number of jobs created and their respective wage rates. The debt is then retired by diverting a portion of the employer's withholding tax on the newly created jobs. The Strategy and Performance Division was appropriated one-time funding in FY2023 to conduct an evaluation of the Department of Economic Development's (DED) tax credit and withholding programs, as well as Missouri One Start job training programs. Strategy and Performance would like to follow-up on the work in FY2023 to annually conduct a deep-dive evaluation of the effectiveness and efficiency of programs with major strategic importance to DED. We expect the FY2024 evaluation to include an evaluation of DED's broadband grant programs.

Book 2, Page 392

**Description:** Funds for the Missouri Military Community Reinvestment Grant Program per CB 573 (2018). To assist military communities in supporting and sustaining their installations, to encourage communities to initiate coordinated response programs and action plans in advance of federal government base re-alignment and closure decisions, and to support community efforts to attract new or expanded military missions.

The matching grant funds are administered to help non-profit organizations and local governments by ensuring that they have the capacity and expertise that enables them to implement strategies to retain and grow military and defense investments and jobs.
